Sajid Faitoum

Junior AI Automation Specialist | Junior Frontend Developer

Taroudant, Morocco | contact@sajidfaitoum.com | linkedin.com/in/sajid-auto-133771447

PROFESSIONAL SUMMARY

Self-taught developer who builds AI automation workflows and responsive websites. Hands-on experience creating n8n workflows that connect the OpenAI API, Gmail, Google Sheets, and REST APIs, with error handling and retries built in. Builds clean, mobile-friendly interfaces with HTML, CSS, JavaScript, Tailwind CSS, and Bootstrap. Looking for a junior remote role where I can contribute to real projects, solve practical problems, and keep growing my skills.

TECHNICAL SKILLS

AI & Automation: n8n, OpenAI API, AI message classification, workflow automation, error handling and retries

APIs & Integrations: REST APIs, JSON, Gmail, Google Sheets, web forms

Frontend: HTML5, CSS3, JavaScript, Tailwind CSS, Bootstrap, responsive web design

Additional Experience: React, Vue.js, Node.js, Figma, Docker

PROJECTS

SupportGuard AI – Customer Support Automation | Personal portfolio project

Technologies: n8n, OpenAI API, Gmail, Google Sheets

- Built a working form-based customer support automation in n8n.
- Used the OpenAI API to classify customer messages by category and priority.
- Saved each support ticket automatically to Google Sheets.
- Sent Gmail alerts for high-priority requests.
- Added error handling, retries, and recovery for failed tasks.
- Tested the workflow with a range of customer support scenarios.

SupportGuard AI – Frontend Landing Page | Personal portfolio project

Technologies: HTML, CSS, Tailwind CSS, JavaScript

- Developed a responsive landing page that presents the SupportGuard AI project.
- Created a standalone interactive frontend demo with an example customer support ticket.
- Wrote clear project information for visitors and used AI coding assistance during development.

Frontend Development Practice | Personal projects

Technologies: JavaScript, React, Vue.js, Tailwind CSS, Bootstrap

- Built many personal web projects focused on responsive, mobile-friendly design.
- Worked with JavaScript, React, Vue.js, and CSS frameworks to build interactive interfaces.
